I, John Eric Olson, hereby affirm as follows:

1. I am a partner of Hill Rivkins & Hayden LLP, attorneys for Plaintiff, and I am admitted to practice before this Honorable Court.
  
2. I am fully familiar with the matters set forth herein and submit this Affirmation in support of Plaintiff's application pursuant to Rule 4(c) of the Federal Rules of Civil Procedure for an Order appointing Robert I. Blum or other such similarly qualified persons designated by

Hill Rivkins & Hayden LLP, who are over the age of 18 and not a party or attorney to this action, in addition to the United States Marshal, to serve the Process of Attachment and Garnishment issued pursuant to FRCP Supplemental Rule B upon the named garnishee(s) as well as any other garnishee(s) who (based upon information developed subsequent hereto) may hold assets of, for, or on behalf of Defendant Metall Und Rohstoff Shipping and Holdings B.V.

3. Plaintiff is desirous of serving the Process of Attachment and Garnishment on the garnishee(s) with all deliberate speed so that it will be fully protected against the possibility of not being able to satisfy a judgment that may ultimately be entered by Plaintiff against the Defendant.

4. To the extent the Application for an Order Appointing a Special Process Server with respect to this attachment and garnishment does not involve a restraint of physical property, there is no need to require that the service be effected by the Marshal as it involves only delivery of the process to the respective garnishee(s).

5. Plaintiff also requests that the Court grant it leave to serve any additional garnishee(s) who may be discovered in the course of this litigation to be holding property of the Defendant within this District. Obtaining leave at this time to serve these other possible garnissees will facilitate prompt service of the Process without the Plaintiff's need to return to the Court for permission to amend the process to simply name other garnissees.

I hereby affirm under the penalty of perjury that the foregoing is true and correct.
